Maura Monaghan of Debevoise & Plimpton named as one of 2018's Top 250 Women in Litigation by Benchmark Litigation

Benchmark Litigation has recognized Maura Monaghan as one of the Top 250 Women in Litigation in its annual *Top 250 Women in Litigation* publication. Monaghan is a New York-based litigator with Debevoise & Plimpton.

The Top 250 Women in Litigation publication's extensive research process, which encompasses six months of investigation into the individual litigators' professional activities as well as client feedback surveys and individual interviews, has culminated in the selection of the most distinguished women in the world of litigation. These women have earned their place amongst the leading female litigators by participating in some of the most impactful litigation matters in recent history as well as by earning the hard-won respect of their peers and clients. Though they hail from widely different practice areas, they all share the distinction of being recognized as top players in their respective fields.

Listed within the Northeast-New York section of the *Top 250 Women in Litigation* publication, Benchmark Litigation has this to say about Monaghan:

Maura Monaghan focuses her practice on complex commercial litigation including products liability and mass tort litigation, environmental, healthcare, regulatory and criminal investigations, and arbitration. She is representing Medcredit, NPAS and NPAS Solutions in four federal court cases filed by putative classes in Missouri and Florida alleging violations of the Telephone Consumer Protection Act.

Attorneys named to the 2018 publication were chosen through several phases of research: namely, the review of their recent case work, peer review in which we consider how attorneys at peer legal institutions might rank them, and a consideration of client feedback on their performances.

In addition to this honor, Debevoise & Plimpton also enjoys a number of firm-wide rankings and further individual attorney recognition by Benchmark Litigation. For more information please see here:
